PROFILE

Final year Industrial Information Technology undergraduate with hands on experience in project coordination, team collaboration, documentation, and task management. Skilled in organizing workflows, preparing reports, gathering requirements, and supporting smooth project execution in academic and real client projects. Seeking a Project Management internship to apply leadership, planning, and communication skills in a professional environment.

EDUCATION

Bachelor of Science (Hons) in Industrial Information Technology

Uva Wellassa University of SriLanka |Expected Graduation: 2026

- **Relevant Coursework:** Object Oriented Programming (OOP), Database Management Systems, Software Engineering, Web Application Development, Data Structures & Algorithms, Software Architecture & Design Patterns, Enterprise Resource Planning (ERP), Computer Networks, Mobile Application Development, Human Computer Interaction (HCI), Cloud Computing Fundamentals, IT Project Management, Operating Systems, Information Security Basics.

PROJECTS

- **Gamified Wi-Fi Quality Monitoring System (Research Project)** — **Oct 2025 - Present**
  - Tech: Unity 3D, Photon, Power BI, Data Analytics, Crowd Sourcing
  - Developing a multiplayer gamified system that collects real time Wi-Fi performance data from students to identify weak connectivity areas across campus.
  - Implementing analytics dashboards and data visualizations to support network improvement decisions.

- **TerraFlow - Supply Chain Management System (Real Client Project)** — **May 2025 - Sep 2025**
  - Tech: React.js,Node.js, Express.js, MySQL
  - Built core frontend and backend features for managing suppliers, orders, and inventory while collaborating closely with a real world client.
  - Integrated REST APIs with React components and optimized MySQL queries for smoother data handling.

- **StayFinder - Online Boarding Finder System** — **May 2024 - Oct 2024**
  - Tech: PHP, JavaScript,MySQL,PHPMailer
  - Developed modules for boarding listings, user accounts, and search filters with complete CRUD functionality.
  - Integrated automated email notifications using PHPMailer and contributed to UI design and database structuring.

- **AR/VR Public Speaking Coach (Immersive Training Tool)** — **Jun 2024 - Sep 2024**
  - Tech: Unity 3D,C#
  - Created immersive virtual environments and AR interactions to help users practice public speaking.
  - Designed scene transitions, animations, and user experience flows for a smoother training environment.

- **Employee Management System** — **Jul 2023 - Sep 2023**
  - Tech:Java Swing,MySQL, NetBeans
  - Designed Java Swing UI screens for employee registration, attendance, and salary processing.
  - Integrated the interface with a MySQL backend and contributed to reporting, testing, and documentation.

PERSONAL PROJECTS

- **QR Attendance Check In System** **Oct 2025 - Nov 2025**
  - Tech:React.js, TypeScript, Firebase,Vite, Tailwind CSS
  - Developed a fast web app that uses QR codes for attendance marking, with Firebase authentication, Firestore data storage, and a lecturer dashboard for easy management.
- **Personal Portfolio Website** **Nov 2024 - Jan 2025**
  - Tech:HTML,CSS, JavaScript, Firebase Hosting
  - Designed and deployed a personal website to showcase skills and projects with a responsive layout and smooth navigation.
- **School Demo Website** **Jun 2023 - Aug 2023**
  - Tech:HTML,CSS, JavaScript
  - Created a simple multi page school website focusing on clean UI structure, basic styling, and simple interactive features.

CERTIFICATIONS & ACHIEVEMENTS

Achievements

- Dean'sList - Outstanding Academic Performance (2023/2024)
- 2nd Place - UvaXtreme 1.1 Programming Competition (2024)
- Certificate of Appreciation - Leo Club of Uva Wellassa University
- Membership Certificate - Leo Club of Uva Wellassa University

Certifications

- React Development Certificate (2025)
- Cybersecurity : SysCare IT Solutions (2025)
- AI for Social Impact : ADBI E-Learning (2025)
- Java Script Development Certificate (2025)
- Introduction to E-Commerce : ADBI E-Learning (2025)
- Handling, Storing & Managing Data : UNICEF Agora (2025)
- Python for Beginners : University of Moratuwa (2024)
- Web Design for Beginners : University of Moratuwa (2024)
- GitHub Foundations : GitHub (Credly Badge) (2025-2028)

SKILLS

Technical Skills

- **Programming:** Java, JavaScript, PHP, Python, C#
- **Frontend:** React.js, Next.js, Flutter, HTML, CSS, Bootstrap
- **Backend:** Node.js, Express.js, REST API development
- **Databases:** MySQL, PostgreSQL, Firebase, MongoDB, Spring Boot
- **Tools & Platforms:** GitHub, Microsoft Azure, Figma, Postman, Docker, Unity, Trello & Jira , Notion, Power BI, Figma (UI Planning)
- **Core Knowledge:** Data Structures & Algorithms, OOP, API concepts
- **Testing:** Functional & Regression Testing, Smoke & Sanity Testing, API Testing (Postman), Test Case Design, Selenium, JUnit / TestNG, UI/UX & Cross Browser Testing

Soft Skills

- Project Planning & Scheduling
- Task Coordination
- Requirement Gathering
- Documentation & Reporting
- Agile & Scrum Basics
- Team Leadership
- Risk Identification
- Problem solving
- Adaptability
- Time management

EXTRACURRICULAR ACTIVITIES

- Leo Club Member - UvaWellassa University, Programming & Tech EventsMembership , Outbound Training Program - Academy of Adventure (2024)
